EYES OF NATIONS UPON CONFERENCE

Russians Do Not Covet Peace At Any Price.

JAPS MUST BE CONSIDERATE

Upon the Moderation of Their Demands Depends the Fate of the Negotiations—Official Paper Says Russia Is Not Yet Whipped.

St. Petersburg, July 21.—The interview of the Associated Press with M. Witte last Monday was telegraphed back to St. Petersburg from New York and was printed throughout the empire receiving high commendation by the press with the exception of the extremely reactionary Sviet and the Moscow Gazette. The Bourse Gazette declares the bulk of the Russian people share M. Witte's views which now, when the attention of the world is fixed on the peace conference are of historical importance. The paper adds:

"Russia's chief plenipotentiary does not attempt to conceal from foreign countries the internal situation in Russia. Strong men do not fear the truth. Falsehoods are the instruments of the weak. M. Witte leaves under the good auspices, but he makes it clear that upon the moderation of the Japanese demands depends the fate of the negotiations."

The Nove Vremya heartily endorses M. Witte's statement that Russia does not covet peace at any price and that both armies in Russia would united to resist terms which might threaten the future of the country. M. Witte's extremely impartial and temperate remarks upon the internal conditions and the future should prove instructive abroad, the paper adds, and should benefit those Russians who doubt the future destinies of the country.

The Slovo rejoices at the fact that after the weakness and vascillation which have marked the later stages of Russian history the peace negotiations have fallen into strong hands, and while the paper admits that M. Witte will have no opportunity to retrieve the blunders of others, yet the Slovo hopes he may be successful in his mission.

The Sviet, whose voice is still for war to the last ditch, sarcastically likens the departure to the pilgrimages of the Russian princes who traveled to the far steppes to make obeisances to the ichons of the Golden Chorde. The Sviet concludes that peace is compatible with the dignity of the country, which is not yet defeated.

Mobs Raid Bake Shop.

Madrid, July 21.—Serious disorders have occurred at Seville and Salamanca, arising from the general distress. Four hundred farm laborers invaded Seville, looted the baker shops and committed other depredations until they were dispersed by a strong force of police and gendarmes. A mob stormed the city hall at Salamanca, broke into the building and sacked it. A member of the municipal council, fleeing from the rioters, jumped from a window and was killed. The republicans are summoning mass meetings in Madrid and elsewhere. The government fears a spread of the disorders and is taking precautions.

Crop Outlook Bad.

Jackson, Miss., July 21.—Mr. Bernard Forster, of Vicksburg, one of the best posted and most conservative crop observers in the country and who travels extensively in Mississippi, Louisiana and Arkansas, making regular trips through those three states, was in Jackson today and in discussing prevalent crop conditions at cotton exchange stated that the outlook is undoubtedly the worst he has seen in many years.

Aged Man Commits Suicide.

Norfolk, Va., July 21.—John N. Newell, aged 70, retired wholesale grocery merchant, committed suicide today by shooting. The suicide is attributed to the hot weather of the last few days [illegible] prostrations in Portsmouth.

TO CONNECT THE OCEANS.

Railroad Being Constructed Across Central America.

Tehuantepec, July 21.—The Tehuantepec railroad from Salina Cruz on the Pacific side to Coatzacoalcos on the gulf of Mexico, a distance of 180 miles, is about completed and it is expected that within 12 months harbor and wharfage for the landing of steamers the transfer of freight will be finished.

The American-Hawaiian Steamship company now operating a fleet of steamships between San Francisco, Hawaii and New York through the straits of Magellan, has concluded a contract with the Tehuantepec railroad for the operation of connection of steamship lines on both the Pacific and Atlantic side and will use the seven vessels now operated via the straits of Magellan, in this service in addition to two new ships about to be built.

The company expects to afford a service of 25 days by the new route as against 35 or 40 days now taken to transport freight between here and New York via Panama and approximately 30 days via American rail lines.

STRIKE OF LUMBER DRIVERS.

Six Hundred Teamsters Vote to Return to Their Work.

Chicago, July 21.—The strike of lumber drivers in this city has been declared off. The 600 striking employes of the Lumber Dealers voted on the question of ending the strike and were almost unanimously in favor of returning to their old places regardless of the action of the fellow strikers.

Other local unions of teamsters involved in the long continued struggle against the Chicago employers' association will take similar action by referendum vote if the recommendations of the teamsters' joint council are carried out. The department store drivers' unions began voting on the question calling the strike off.

Railway express drivers and truck teamsters will vote on the question tonight. It is the action of the lumber drivers taken without the sanction of the strike leaders that influenced the teamsters' union joint council to adopt a motion advising the strikers in other local unions that the time has come to vote the strike off.

NOTED COUNTERFEITER TAKEN.

Had Eluded Government Officers for Over Twelve Years.

Los Angles, Cal., July 21.—After successfully eluding the United States secret service men for 12 years, J. B. Gregory, alias Harry Leonard, expert counterfeiter and escaped convict, has been captured here and turned over to the United States officers to serve out the unexpired term of seven years in the federal prison at Detroit, Mich. For eight months past he has been living with his wife in this city.

He had been bold in his operations, and had put out a flood of spurious $1 coins. He deposited cash bail in good money for his appearance in court and then jumped his bail. At that time he was living under the name of Harry Leonard. Oct. 15, 1892, Deputy United States Marshal Mudgett arrested Gregory in Seattle, and he was tried and convicted of counterfeiting and sentenced to a term of seven yeas in the peitentiary and was sent to McNeill's Island.

Woman Recovers Large Damages.

Birmingham, Ala., July 21.—Mrs. Gertrude Jones, whose husband, Elbert N. Jones, was killed three years ago by the striking of an East Lake trolley car by the Southern railway train, has been paid the $16,000 awarded her as damages from the railroad company. The supreme court of Alabama recently affirmed the judgment. Costs in the case amounted to $4,901.79.

Lost Life in Hotel Fire.

Rochelle, Ga., July 21.—The Boynton hotel at this place was destroyed by fire, and Dan Simms, of Guyton, a traveling picture salesman, perished in the flames. Loss on the hotel about $4,500, with $2,500 insurance. The store of T. W. Weeks was also burned; loss unknown. S. R. Penn and L. Busby are the main losers.

KANSAS CITY BANK CLOSED ITS DOORS

Comptroller of the Currency Is In Charge of Affairs.

HELD LOTS OF DEVLIN'S PAPER

There Had Been a Gradual Withdrawal of Deposits for the Last Sixty Days. There Was, However, Over a Million Dollars Still on Deposit.

Kansas City, July 21.—The City National bank failed to open its doors today. The bank held paper of C. J. Devlin, of Topeka, to the amount of $100,000, and the failure is the direct result of the closing of the First National Bank of Topeka, of which Mr. Devlin was the principal stockholder.

Some time ago the comptroller of the currency at Washington instructed the officers of the City National bank to repair its capital. This was done by borrowing from a local capitalist. Following the failure of the First National Bank of Topeka, the Kansas City capitalist became insistent on repayment of his loan and this demand caused the officers of the City National bank, their institution being closed.

The other bank in Kansas City that was caught in the failure of the First National Bank of Topeka, was the American National Bank of Kansas City which is said to hold upward of $200,000 of Devlin paper. It was stated positively today to the Associated Press by a leading banker that the other Kansas City institutions would not permit the bank to fail.

There was no appearance of a run on other Kansas City banks at the opening hour.

The total resources of the bank are $1,989,720; deposits $1,476,641.

The bank was closed by E. E. Ames, bank examiner, under instructions from the comptroller of the currency. The comptroller, it is stated, informed the officers of the bank that it must take up $200,000 bad paper immediately or they would not be permitted to open today. The bank examined last night by a committee of local bankers who reported, at a meeting early today that the affairs of the institution were in such shape that they would not feel justified in extending assistance. Although the City National bank was not a member of the local clearing house association, that association, it is stated by one of its officers today, would have extended aid had they not found so much bad paper.

Although the holding of Devlin paper, upon which no immediate realization could be made was the prise cause for the failure, it is stated that the general knowledge that the bank held other bad paper and was in a weakened condition had led to a gradual withdrawal of deposits. At no time had a run of any big proportions been on, but it is stated withdrawals had been made quietly for several months and that within 60 days $600,000 had been taken out.

No Loan Exceeded Limit.

Washington, July 21.—The acting comptroller of currency in a statement issued today regarding the closing of the City National Bank of Kansas City says that no loans exceeding the limit of 10 per cent of the bank's capital are shown by the last report of the condition at the close of business on May 29th.

Mississippi Veterans to Meet.

Jackson, Miss., July 21.—Within the next few weeks the local camps of the Mississippi division, United Confederate veterans, throughout the state will name delegates to the state reunion to be held in Jackson during the latter part of August. The attendance at the reunion, however, will not be limited to delegates. This is the first time the organization has met in Jackson for several years, and extensive arrangements will be made for the event, and widespread publicity given. It is intended to bring at least 1,500 visitors to the capital during the reunion, a majority of whom will be ex-confederate veterans, and they will be given a royal entertainment during their stay.

FIGHT ON ANTI-PASS BILL.

Georgia Legislature Is Wrestling With This Important Measure.

Atlanta, July 21.—Another day of filibustering tactics was the record of the house of representatives Wednesday in dealing with the anti-free pass bill by Mr. Hall, of Bibb.

The opposition to the bill, led by Mr. Anderson, of Chatham, made every effort to defeat the bill by delays of various sorts, but every motion intended to postpone consideration of it to some later date was defeated, and finally seeing the friends of the bill were bent on bringing it to a discussion and a vote, they secured a referense of the measure to the committee of the whole house, where unlimited discussion upon it may be had.

None of the votes taken accurately illustrated the strength of the two sides on this measure, because many friends of the bill voted to refer it to the committee of the whole. The vote, which refused to permit of a postponement to the last day of the session, perhaps, came nearest to showing the strength of the measure, that being 108 to 44. Yet a number who are opposed to the bill voted against this motion in the interest of fairness to the other side.

The indications are that the measure will have more than a constitutional majority when a vote is taken before a full house.

The feature of the debate was the statement from Mr. Hall that he thought the members of the general assembly ought to have higher salaries. He stated he thought the per diem should be increased from $4 to $10. He was willing, therefore, to amend the bill so that it would not become effective until after a constitutional amendment increasing the pay of the members of the house and senate shall have been submitted to the people.

The first fight came when the anti-pass bill was taken up on a motion by Mr. Hall, of Bibb, that the session be extended until the measure could be finally disposed of. The adoption of this motion, he said, would not necessarily extend the sessions beyond the adjournment hour, as the house could take a recess at any time it saw fit, and the only object of the motion was to keep the bill before the house until final action could be taken.

NEGRO KILLED IN PRISON CELL.

Attempted Assault Upon a 4-Year-Old White Girl.

New Braunfels, Tex., July 21.—A mob battered down the doors of the county jail and lynched Sam Green, a 16-year-old negro boy, who attempted a criminal assault at this place Tuesday night on the 4-year-old daughter of William Barbach, a German farmer, who lives on the outskirts of the town.

The mob could not break into the cell where the prisoner was kept, so the leaders thrust their guns through the opening of the steel walls and fired three shots. The negro sank to the floor dead, and the mob quietly dispersed.

The negro protested his innocence to the mob, but during the day had confessed his guilt to the sheriff. He had been employed by Garbach to work on the farm, and went out to drive home some cattle, the little child following. It was while on this errand that the negro attempted the crime.

New Braunsfels is a little German town 30 miles from San Antonio, in which the negroes even speak German, and which has a state reputation as a law-abiding community.

It is also noted for the fact that during his trip through Texas President Roosevelt made a brief speech in German to the inhabitants, commending them on their reputation as law-abiding citizens.

Arkansas Embezzler Arrested.

Los Angeles, Cal., July 21.—Sheriff White, of this county, arrested T. J. Terry, 39 years old, former president of the Howard County bank at Nashville, Ark., on a charge of embezzlement in receiving money in an insolvent bank. A reward of $500 was offered for Terry's capture by the state of Arkansas. He has been a fugitive since 1902, and has been living here [illegible]

RAINS AND WIND ENDS HEAT WAVE

Temperature Is Again Very Near the Normal.

NEARLY 200 DEATHS IN GOTHAM

The Intense Hot Weather Which Has Caused Many Deaths and Prostrations Has, at Last, Been Broken. Two Deaths Reported Today.

New York, July 21.—The wave of intense heat which held the city in its grasp for more than a week, causing nearly 200 deaths, several times that number of serious prostrations and untold sufferings to millions, has been thoroughly broken.

The relief, which came yesterday afternoon, when a violent storm of wind and rain swept the city for scarcely more than five minutes, became apparent. Although the temperature ran rapidly up again after the shower, a cooling breeze which followed sent the mercury down once more, a comparatively comfortable night followed and today the temperature was very near normal.

The lowest point reached during the night was 73. Today when the temperature began to rise on an average of 3 degrees an hour, until 81 had been reached, the winds continued and with the sky partly overcast, there was no indication of a renewal of the intolerable conditions of the past week or more. Two deaths from heat and several prostrations were reported early today, but in nearly every case they are thought to have been due to exhaustion.

Cooler Weather at Chicago.

Chicago, July 21.—The hot wave has been broken in Chicago and vicinity. There were only 13 prostrations during the past 24 hours.

Although Wednesday was cooler than either Monday or Tuesday, the death list both of adults and babies was longer. There were 15 deaths of adults reported and 19 infant mortalities. Most of the adults who died were prostrated late Tuesday night before the extreme heat was modified. Showers are promised for today.

Philadelphia Not So Hot.

Philadelphia, July 21.—The hot wave which has prevailed in this city and vicinity for the last two days is broken temporarily and cooler weather accompanied by showers is promised by the weather bureau.

Conditions Better in New England.

Boston, July 21—Cooler weather prevailed in eastern New England today, the temperature ranging from 74 to 80 degrees and the humidity averaging about 60 per cent.

Will Receive Cotton Manufacturers.

Washington, July 21.—Secretary Wilson, of the department of agriculture, has indicated to President Miller of the American Cotton Manufacturers' association that next Monday would be a convenient time for him to receive a delegation from the association to discuss the necessity of a new cotton acreage report. The delegation will call on the secretary [illegible] elected at a meeting of the cotton manufacturers to be held at [illegible] N. C., today. Secretary Wilson is planning to make a tour of the cotton belt [illegible] serves and desires to leave Washington about Aug. 1. On account of his intended absence it is his wish to settle all matter connected with the cotton crop report before that time.

Want Municipal Bake Shops.

New York, July 21.—At the request of the Bakers' unions of America, upon them to assist in the establishment of municipal bakeries in the cities of the United States and Mexico, has been presented to journeymen bakers, [illegible] national union. It calls attention to the possible good that may result from state or municipal control of various public utilities and declares that the food product industry is among the [illegible]

The two municipalities of Manatee and Bradentown are favorable for a union of the two places into one, and we hope they will find strength in the union.

The coroner's jury in the Pensacola murder case found Williams guilty of murder in the first degree. His second victim, Edward Dansby, was reported to be dying Friday morning.

The funeral of John White, the Pensacola merchant shot by an employe, was one of the largest in that city for a long time. All business was suspended during the time of the service.

Tampa, besides running a hotel, will also conduct a first-class vaudeville show at the casino. Races will no doubt be put on the track and the city will do a thriving business the coming winter.

Upwards of a hundred women of Tallahassee called on the Pardon Board Wednesday, in behalf of Walter Taylor, convicted of assaulting Congressman Lamar. Judge Liddon made a forceful plea for the board to not interfere.

"I am moving to Mobile; I can't make a living here," said a Pensacola doctor to The Daily News. But it would be a violation of the code of ethics to publish his name, so you will never know who is gone until you see the card in his office window, "for rent."

The arguments were opened in the supreme court at Tallahassee Wednesday in the case of Caldwell and Larkins vs. the State of Florida. This is the famous Eppes murder case, the details of which are familiar to the people. Isham Edwards, George Caldwell and Nelson Larkins were convicted in the circuit court of Leon county of the murder of County Superintendent-elect W. W. Eppes and sentenced to be hung. A severance was granted in the trial, Edwards being tried and convicted separately. Caldwell and Larkins' case was then appealed to the supreme court.

Finger Mark or Trade Mark-

Which?

Common crackers and wafers—fingered from the time they leave the bakery until you get them in a paper bag or the Biscuit, Crackers and Wafers baked by the NATIONAL BISCUIT COMPANY and packed in a package with all their oven flavor, delicious freshness and high quality? *Which will YOU have?* If you want to answer this question once and for all, try a package of either of the three delights mentioned below:

Social Tea Biscuit
Just the thing to offer with an afternoon cup of tea—or chocolate—or coffee. In fact, they're good to eat most any time just for the pleasure of it. Sweet and slightly flavored with vanilla.

Butter Thin Biscuit
A crisp, light, dessert biscuit, rich and satisfying, served as something out of the ordinary. If you really want a biscuit that's particularly nice, try a package.

Graham Crackers
So different from the ordinary Graham Crackers—different in baking—different in flavor—different in packing. More palatable—more satisfying—more nutritious. Made of the purest Graham flour and baked in a manner that only the National Biscuit Company knows.

Ever after you will be guided by the In-er-seal Trade Mark in red and white, on each end of a package, whenever and wherever you buy *Biscuit, Crackers and Wafers.*

Chinese Organizing for Boycott.

Shanghai, July 21.—About 1,500 people, including the heads of all the principal guilds and delegates from many provinces, attended a Chinese mass meeting yesterday which arranged to begin the boycott of American goods tomorrow. It was distinctly announced that the action taken was not against the American government, whose constant kindness was fully recognized, but it was pointed out that unless the Chinese showed themselves to be in earnest they would produce no effect on the California labor unions. There is still much doubt as to whether the boycott will really be maintained.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCollum & Co.

Gen. Oyama Receiving New Troops.

Russian Headquarters at the Front (location not given) July 21.—The Japanese advance from Korea is taking on a more energetic character and is being pushed to Mousan, Nangan and Kasagawa. The Japanese seem to have received heavy reinforcements from Field Marshal Oyama's main army in front of General Linevitch. A landing of Japanese near Vladivostok would not be surprising and their operations appears to be concentrating in that direction. The Japanese advance in the Island of Sakhalin has reached Vladimirovka. The Japanese artillery includes 60 machine guns.

Never Returned from Death Valley.

Goldsfield, Nev., July 21.—John Mullin, E. M. Titus, and Earl Weller, of Telluride, Colo., left Rhyolite on July 10 after a prospecting trip into Death Valley. Today Mullin was brought to Rhyolite half crazed from the terrible suffering he had undergone. He told how Titus and Weller wandered over the desert and in 15 days failed to return. It is believed that they perished. Two horses and 19 burros belonging to the party also met death from thirst.

Russ's Accepts Morocco's Terms.

Paris, July 21—Russia has given notice of her acceptance of the Morocco conference on the same conditions as Great Britain. A cable dispatch from Tangier July 16 said that the government of Great Britain has accepted the invitation of the sultan of Morocco to attend the ipternational conference on Moroccan reforms, on condition that the program to be discussed by the conference be communicated to it beforehand.

Indian 106 Years Old Murdered.

Everett, Wash., July 21.—The dead body of Doctor Jim, an Indian aged 106 years has been found under the bridge on the Darrington branch of the Northern Pacific, 3 miles from Arlington, Wash., with a bullet hole in the back of the head. The trail indicated that he had been dragged 50 feet from the point on the bank of the Stillaguamish, where it is believed he had been sitting when he was shot from behind.

CORONER'S JURY FAILED TO AGREE

Complicated Climax Has Been Reached in Barron Murder Case.

EVIDENCE IS CIRCUMSTANTIAL

While It Is Generally Conceded That John P. Hester Killed Watt Barron and Wounded His Father, No One Will Swear They Saw Him Shoot.

The Evinston tragedy of Wednesday, in which Watt Barron was instantly killed and his father, J. F. Barron, severely wounded supposedly by John P. Hester, has assumed rather complicated proportions, owing to the fact that the coroner's jury which sat upon the case failed to agree after a session lasting two days.

The question which rested with the jury was at the hands of whom young Barron met his death. While it is generally and publicly conceded that Hester fired the shots which killed young Barron and wounded his father, it is a fact that no one has yet been found who would testify that they saw Hester fire said shots. The shots were from a window in the rear of the store occupied by the suspected man, but no one could swear who fired them, hence it was impossible for the jury to render a verdict, according to the argument of some jurors.

While the evidence against Hester is strong, it is purely circumstantial, being based upon the point from which the shots were fired, the action of Hester just after the tragedy, and his subsequent escape on horseback. But even with all this the jury was not willing to render a verdict "that Watt Barron came to his death from a gunshot wound at the hands of one John P. Hester."

The jury in this case were C. J. Grace, foreman; J. H. Prater, John Shuford, A. E. Miller, Messrs. Cameron and Parker.

The jury concluded its work Thursday evening.

NEGRO WAS RESPITED.

David Mitchell, Sentenced to be Hung, Had Sentence Suspended.

David Mitchell, alias Black Kid, a negro who has been convicted of murder in Bradford county, for whom the death warrant had been issued and who was to have been hanged at Starke Friday, was respited at the last moment by a telegram from Gov. Broward instructing the sheriff to postpone the execution.

There was in Starke a large crowd, people having come for many miles to witness the execution and the message seemed to come as a disappointment to many of them.

The telegram from Gov. Broward did not specify for how long the reprieve would be valid and the sheriff of Bradford county expects a letter with full instructions.

WILLIAMS WAS PARDONED.

Man Who Killed Mark Bartleson at Miami Again Given Freedom.

John Williams, who about three years ago at Miami shot and killed Mark D. Bartleson of this city, and who was subsequently arraigned, found guilty and sentenced to imprisonment for life, has been given his freedom by the State pardoning board, which granteda conditional pardon in Tallahassee Thursday.

It will be remembered that Williams' defense was insanity. Some of the leading legal talent of the State was employed by both the prosecution and defense, and the trial lasted for several days.

Williams has been serving his sentence at the phosphate mines of J. Bettgenbach & Co., Holder.

Manuel Montiel Arrested.

Acting under instructions from Deputy United States Marshal Bishop of Ocala, Deputy Sheriff J. H. Granger Friday arrested Manuel Montiel, the Cuban who has been conducting a small store and cigar factory near the Seaboard Air Line depot for several years. The instruction came by wire, and Officer Bishop did not state for what Montiel was wanted. He was placed in prison, however, and the officer is expected from Ocala today.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

DEAR OLD GAINESVILLE.

Proud of Her People and the Effects of The Sun.

Editor Sun: I cannot restrain the emotion I feel over the victory gained for Gainesville through The Sun and its many friends. Three cheers for The Sun and its host of constituents.

What should have been done long ago has been accomplished. The Sun is quick to see what should be done for the best interests of the largest number of people, and is persistent in the work of bringing its objective points to a pleasant culmination to the satisfaction of, not only its host of readers, but the public at large. No better proof of this assertion could be asked than the campaign for the State University, just closed.

While numbers of citizens, including the Hon. W. R. Thomas, worked faithfully for the cause, are they not all good friends of The Sun?

The Sun, indeed, is a paper which the people of Gainesville have just cause to boast and feel proud of, and the good, true and loyal citizens of Gainesville are a people whom The Sun has just cause to boast and feel proud of.

The writer, since his residence in Gainesville, has traveled far and wide, has been thrown into the companionship of many different classes of people, seen many hustling, growing cities, yet he finds that his heart-beats quicken with emotional pride over a victory gained for the good people of dear old Gainesville. The Boss Worm Medicine.

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child which was sick, and threw up all food, could retain nothing on its stomach. He bought one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves their digestion and assimilation of food, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. Sold by W. M. Johnson.

Card From Dr. Strouse.

A souvenir post card from Dr. Clarence B. Strouse, under date of the 14th inst., from Colorado Springs, Col., gives an excellent view in embossed colors of the famous Pike's Peak, which has an altitude of 14,147 feet. Friends of Dr. and Mrs. Strouse will be glad to learn that they are enjoying excellent health. From Denver they will make an extended trip West, visiting Salt Lake City, San Francisco, Portland, Seattle and other points of interest. They expect to return to Gainesville in early fall.

Alleged Defaulter Not Arrested.

St. Paul, July 21—Alfred Hjelt, the alleged bank defaulter, of Mapleton, Minn., was not arrested in Havana, as was reported. Later advices are to the effect that he made his escape from the hospital in Havana just as he was about to be placed under arrest and he is believed to have made his way back to the Isle of Pines. News of Hjelt's escape was received at the state attorney general's office from A. A. Adee, acting secretary of state at Washington.

May Consolidate Car Works.

Waycross, Ga., July 21—The Atlantic Car and Manufacturing company of Waycross is negotiating for the Georgia Car Factory of Savannah. It is said that the deal will be closed today. The price set is said to be $65,000, to be paid in stock of the consolidated plant, and the plant will be operated where it is, if the deal is consummated.

Mrs. Richmond Hobson Sick.

Des Moines, Iowa, July 21.—Mrs. Richmond Pearson Hobson, the wife of Captain Hobson, the hero of the Merrimac, is ill at Mercy hospital. Captain Hobson is at her bedside. Mrs. Hobson was taken suddenly ill while passing through Iowa. She gradually grew worse until she reached Des Moines, when it became necessary for her to be taken to the hospital.

A Surprise Party.

A pleasant surprise party may be given to your stomach and liver, by taking a medicine which will relieve their pain and discomfort, viz: Dr. King's New Life Pills. They are a most wonderful remedy, affording sure relief and cure for headache, dizziness and constipation. 25c at all druggists.

A Curious Tablecloth.

The German emperor owns a curious tablecloth presented long ago by the women of Sleswick-Holstein. It is entirely worked over with moral sayings that include the following: "Do not believe all you hear; do not say all you know; do not do all you would like." "Wilt thou here have spass (fun)—be careful with thy glass." "First weigh and consider, then dare." "German house, German land—guard it, God, with mighty hand." "Contentment is a rare art."

Agreed With Her.

Tramp (at the door)—If you please, lady— Mrs. Muggs (sternly)—There, that will do. I am tired of this everlasting whine of "Lady, lady." I am just a plain woman, and— Tramp—You are, madam—one of the plainest women I've ever seen an' one of the honestest to own up to it.

A Reproof.

"Oh, children, you are so noisy today. Can't you be a little quieter?"

"Now, grandma, you must be more considerate and not scold us. You see, if it wasn't for us you wouldn't be a grandma at all."

His Temper.

CHANGES FOR TRAIN SERVICE

Atlantic Coast Line Will Operate Solid Trains Through Here.

SERVICE WILL BE REALLY FINE

The Inauguration of This Service Will Mean a General Change of Operation of Trains Between High Springs, Gainesville and Rochelle.

Work on the Atlantic Coast Line "Y" at Alachua, which will connect the Jacksonville and Southwestern division with the High Springs-Rochelle line, is progressing nicely under direction of Chas. W. Wells, who has the contract for grading, etc. Mr. Wells states that the grading will be completed by Tuesday of the coming week.

Iron has been laid from the High Springs track to the public road near Burnett's pond, a distance of about half a mile, and only a quarter of a mile is yet to complete, the iron being on the ground for that purpose. It is calculated that by the end of next week the entire work will have been accomplished.

When this "Y" is completed, the curious are guessing just what will follow. It is a well established fact that the Atlantic Coast Line proposes to operate through trains from St. Petersburg to Jacksonville via Gainesville and Alachua, and that the service will be good, but the question arises as to how soon this will be done. There is a diversity of opinion on this matter, and inasmuch as those who possess the information are reluctant to divulge it, the public can do nothing but keep surmising as to the future.

The inauguration of this through service will lessen the distance between Jacksonville and St. Petersburg nearly forty miles, as it will save the extra distance now covered in the L shaped trip from Rochelle to Jacksonville via Palatka. The distance between Gainesville and Jacksonville via the Atlantic Coast Line will also be considerably shortened, being only a few miles further than by the Seaboard Air Line.

Naturally this new service will materially affect the schedules of trains into this city at present. It will virtually annul the train from High Springs to Rochelle, but will necessitate a schedule either between High Springs and Gainesville or High Springs and Alachua. The schedule will probably be arranged between this city and High Springs for the convenience of patrons of the road who desire to visit Gainesville for the purpose of trading or other business.

It will be necessary to place a service between Palatka and Rochelle, which will probably make a round trip daily between the two points.

JUDSON EVENTS.

Cotton Crop Very Good—Personal and Local Happenings.

Judson, July 21.—Miss Frankie Owens of Tampa and Miss Louise Carter of Gainesville are here visiting their grandmother, Mrs. M. L. Carter.

Luther Yancey and family of Hernando are here this week, visiting Mrs. Yancey's parents, Mr. and Mrs. C. C. Doke.

Gene Doke of Meredith has moved back here.

W. B. Doke went and bargained for a place near Plant City. He is contemplating moving there this fall, provided he can sell his place here.

J. N. Wood, who has been sick at his father's, Mr. Leroy Wood, with typhoid fever, is improving and we hope he will soon be back to his store and postoffice.

J. E. Raterree and J. C. Kidd are contemplating running the mill and gins here this year.

The cotton crop here is very good so far this season, but it has begun to scald in places, and the grass has injured some crops. They quit plowing too soon on account of it being too wet.

Fodder pulling is progressing now, and the bulk will get through this week.

Bent Her Double.

"I knew no one, for four weeks, when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure stomach, liver and kidney disorders; at all drug stores; price 50c.

MISS ELLA OFF, INDIANAPOLIS, IND.

SUFFERED FOR MONTHS.

Pe-ru-na, the Remedy That Cured.

Miss Ella Off, 1127 Linden St., Indianapolis, Ind., writes:

"I suffered with a run down constitution for several months, and feared that I would have to give up my work

"On seeking the advice of a physician, he prescribed a tonic. I found, however, that it did me no good. On seeking the advice of our druggist, he asked me to try Peruna. In a few weeks I began to feel and act like a different person. My appetite increased, I did not have that worn-out feeling, and I could sleep splendidly. In a couple of months I was entirely recovered. I thank you for what your medicine has done for me."—Ella Off.

NEW RAILROAD AGENCY.

Atlantic Coast Line Will Establish Regular Agency at Worthington.

The good people of Worthington Springs, on the Jacksonville and Southwestern division of the Atlantic Coast Line, will soon enjoy the privileges of a regular agency, as the railroad authorities have decided to open a telegraph office and place an agent there.

Worthington is now a flag station, which is rather inconvenient. The popularity of that resort and the increased traffic to Worthington, however, necessitated better facilities.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and $1. Sold by W. M Johnson.

Change of Schedule.

Attention is again called to the change of schedule over the Atlantic Coast Line, which went into effect on the 19th inst.

The train for Jacksonville now leaves at 1:50 p. m. instead of 2 o'clock, and for High Springs the hour of departure has been changed from 6 p. m. to 3:10 p. m. The train for Micanopy and Citra leaves at 3:25 p. m.

The public will be governed accordingly.

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W. McCollum & Co.

Attention, Voters.

We wish to inform the patrons of The Sun that no votes are allowed in the Library contest on money paid for advertising in The Sun. Only those who pay the sum of $1.25 or over on subscriptions to The Daily Sun or those who pay cash for job printing will be allowed to vote.

Those who pay $1.25 will be allowed 75 votes for the organization of their choice; $2.50 entitling them to 200 votes, and $5 will entitle them to 500 votes.

A Jolly Trio.

P. M. Oliver, R. L. McKinstry and Sandie Graham formed a jolly trio of hunters who have been for the past few days scouring the woods in the vicinity of Haile's Sink for game. The party returned to the city Friday, after a most successful and enjoyable outing. They managed to secure all the game and fish necessary, and altogether the outing was one which they will remember for a long time.

Cheerfully Recommended for Rheumatism.

O. G. Higbee, Danville, Ill., writes, Dec. 2, 1901: "About two years ago I was laid up for four months with rheumatism. I tried Ballard's Snow Liniment; one bottle cured me. I can cheerfully recommend it to all suffering from like affliction." 25c, 50c and $1. Sold by W. M. Johnson.

Officer Hague Improving.

Deputy Sheriff W. C. Hague of Hague, who was compelled to kill a man while resisting arrest at that place recently, and who was himself shot and painfully wounded, is improving rapidly and expects to be out tomorrow. This was a narrow escape for Mr. Hague and an experience which he will no doubt remember.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. J. W. McCollum & Co.

Storm Strikes Vermont Town.

Fairmont, W. Va., July 21.—The damage done by the storm which struck this city is estimated at $75,000. Two deaths are reported from a remote part of the county, but on account of the crippled condition of the telephone and telegraph wires it is impossible to get the details or names of the dead. The damage done to the standing crops, corn, wheat and hay, is figured at $60,000. The wind with a velocity of 60 miles an hour cut it down like grass.

Convulsion, Fits, then Epilepsy.

Dr. Miles' Restorative Nervine has been so successful in curing these brain-wrecking diseases that there is every reason to believe that even the most hopeless cases can be benefited, if not fully restored.

We will be pleased to refer any one thus afflicted to many who now enjoy the blessing of health, after years of hopeless suffering.

"I have a son that had brain fever when two years old, followed by fits of the worst type, and he was pronounced incurable. I spent hundreds of dollars for him, without relief. After about fifteen years he became so bad that we sent him to Longcliff hospital for the insane, at Logansport, Ind. He was there nearly three years, but he continued to grow worse, so we brought him home July 30, 1903, in an awful condition. He had lost his mind almost entirely. He hardly knew one of the family; could not even find his bed; was a total wreck. He had from 5 to 10 fits a day. We were urged to try Dr. Miles' Nervine, and before the first bottle was used, we could see a change for the better. We have given it to him ever since, and he has had but two very light spells since last August, 1903, and then he was not well other ways. We pronounce him cured, as he can work and go anywhere. If any one wishes to ask any questions concerning this, they are at liberty to do so."

E. H. BUNNELL, Lincoln, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

The patients of Jacksonville physicians are not allowed to make ante-mortem statements as to who did it.

Gen. Batjanoff says the Russian army was never stronger. Owing to the extreme heat, possibly. We would suggest a bath.

The Czar is having a hard time in trying to solve the curves of the bomb throwers. The delivery of some of them is decidedly wild.

Several canning factories recently established would indicate more of an effort to save the waste fruit and vegetable products of the State.

If some of the lecturers who are contemplating striking for more pay would also ask for shorter hours, the people would be willing to arbitrate.

Some people claim to have "something up their sleeve." In Gainesville every able-bodied man has his sleeves rolled up and is into business with both hands.

The Portland Exposition might cut down on expenses by putting a stop to flooding newspaper offices with waste basket material in the shape of "news" letters.

The new battleship Kansas will be launched August 12th with the customary bottle of wine. But don't let them work in any of the stuff they sell in Kansas, as it would stop the machinery.

The census enumerators will soon be at work throughout the State, and you must answer every question they ask with neatness and dispatch; but don't give the name of your family physician.

The industrial development of Florida and the whole South for that matter, continues each week, and in this State alone the capital invested in new enterprises is upwards of a million and a quarter dollars.

The situation in Chicago has been quite serious for the past few days. To remain there a person would be liable to prostration from heat, and to take the 18-hour limited for New York was almost sure death.

Trim up your shade trees, cut down the weeds and grass, so the streets and yards will present a better appearance, and you will be surprised at the impression it makes on the stranger who is looking for real estate.

Russia will never have peace so long as Old Nick is at the head of the government. If he were in any other country he would be adjudged insane and confined in an asylum. He should know by this time that his soldiers cannot cope with the Japs.

The truckers and fruit growers of Florida will never attain the success their efforts deserve until the problem of shipping by rail is solved. The crops are abundant, but the trouble is that in many localities it costs all it is worth to get the stuff to market and then take the chances of getting through on time and having the refrigerator cars in proper condition.

THE BETTER PLACE.

Under the heading "Gainesville Gets the University," The Florida Christian Advocate, the organ of the Methodist Church of this State, says:

"The Advocate has studiously refrained from any expression of preference on the question of locating the University; nor have we given voice to any individual sentiment on the subject, prefering to remain absolutely neutral, since it is our wish that the paper should serve the whole church and not prejudice its claims to public favor by the espousal of any cause wherein community, factional or partisan feeling is engendered. Now that the board has made its selection, however, we feel safe in saying that while the loss for the school will be a temporarily heavy blow to Lake City, in view of all interests to be conserved and all ends to be met, we doubt not Gainesville is the better place at which to build a great State university. It is geographically nearer the center of the State and easier of access to that section of the State which is now rapidly developing in wealth and population.

"As heretofore, The Advocate has stood pledged to all of our State institutions, civic and educational. While we condole with our friends of Lake City in their loss we congratulate Gainesville in her splendid success, and pledge to the school and the Board of Control all the moral support in our power in their laudable effort in building up our educational interests."

EMINENTLY SATISFACTORY.

The Board of Control has selected Gainesville as the seat of the University of Florida, and its action in so doinu, we believe, will be eminently satisfactory to a large majority of the citizens of the State. Gainesville is indeed a pretty town; it is, too, progressive, with a cultured and intelligent citizenship, and no saloons in the county. It is centrally located, and the University will always receive the hearty and enthusiastic support of the people of Gainesville and Alachua county. The board has selected Dr. Andrew Sledd, for the past year president of the Lake City college, as president, and this is said to be a wise selection.—Volusia County Record.

NO MEAN THINGS.

Harry McCreary's Gainesville Sun says that four lines of "doggerel" published last week from The Star of that city does not represent the opinions of the people of that town. The Sun says "Gainesville has only the most kindly feelings for Lake City and her good people." No one here thinks "Mac" would say mean things.—Lake City Index.

The Sun endeavored to refrain from any meanness during the whole campaign, only trying to hold up our city and its advantages.

OPINIONS DIFFER.

Gainesville's securing the University is another proof of the power of the press.—Lake Butler Star.

Not at all, Bro. Star. As John Caldwell would say, it simply proves that some men are liars.—Lake City Index.

Not at all, Bro. Appleyard. It simply proves that Gainesville is really the most suitable place for the University and that the Board of Control was wise enough to see it and honest enough to vote accordingly.—Inverness Chronicle.

The Cocoa and Rockledge News is ten years old and is one of the best edited and most newsy weeklies in the State, if it is not so large. The News proves the old saying that "best goods are done up in small parcels." At all events, it is all its name implies.

Catarrh Cannot be Cured

With local applications, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials free. F. J. CHENEY & Co., Props., Toledo, Ohio.

The merchants of Gainesville are advancing along business lines and keeping up with the times. By making clearing sales they draw many people to the city to take advantage of the reduced prices they offer on their large stocks, which must be reduced. And they are aware of the fact that the plain truth in their advertising is what brings buyers. The truth is what gives the buyer confidence in the merchant, and if a customer comes once and is fairly treated, he is sure to come again. When you want to let the people know you have bargains for them, The Twice-a-Week Sun is the medium through which to reach them. A plain statement of facts is all that is needed—no flowery words.

A Macon lad ten years old was bitten by a cat and developed a very aggravated case of rabies.

Poor Instruction.

"Did Jones make much money giving memory lessons?" asked Mr. Dobbs, and his friend explained, says London Modern Society, the reason why Jones' business was not a success.

"No," was the reply. "Most of his students forgot to pay him."

Honest About It.

"What is the difference between history and fiction?"

"Well," answered the unbelieving person, "one great difference is that fiction frankly owns up to being largely untrue."—Washington Star.

Revised Version.

"It's curious that women are never great poets or great musicians," said Mr. Meeker.

"What did you say?" asked his wife belligerently.

"I was merely remarking that women are too sensible to squander their energies on poetry and music to the extent that some men do."

His Terrible Accident.

Admiring Young Listener—And how did you lose your leg? Old Salt—Well, young man, one night in the dog watch, while I was carryin' the baby jib, I stepped on a starboard tack, and blood plain ensooed.—Pittsburg Dispatch.

Permanent.

Jokoe—Charlie told me she made a regular fool of him two years ago. Jinks—Well, hers is thorough workmanship, for the job seems to be permanent.

A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit innoculated with the germs became bald in six weeks' time.

It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Herpicide.

Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide.

Accept no substitute. "Destroy the cause you remove the effect."

CHINESE MUSIC.

What Dr. Whewell, Master of Trinity, Knew About It.

The remarkable extent of the knowledge possessed by Dr. William Whewell, at one time master of Trinity, Cambridge, is well illustrated by the following story, taken from the "Life and Work of Dr. Momerie."

Two of the younger dons, growing rather jealous of the master's reputation for omniscience, determined that they would discover something of which he knew nothing. They pitched upon the subject of Chinese music. How should he know anything about it? They did not, so they went to an encyclopedia and read the subject up.

The next time they met Whewell at a dinner party they led the conversation gradually in the direction of music, when they began to discourse upon the music of the Chinese and gave out all their recently acquired information.

Whewell was silent, much to their satisfaction. Evidently he knew nothing about the matter. But just as they were beginning to rejoice in their triumph he said:

"Might I ask, gentlemen, where you got your information?"

"Oh, yes," they replied. "We picked it up out of such and such an encyclopedia."

"Ah," said Whewell, "I was thinking so. I wrote that article thirty years ago, and it's full of mistakes."

THE ELECTRICITY HABIT.

There Is One Thing In Its Favor—It Is Usually Beneficial.

"Of all the habits the one that sticks closest to a fellow is the electricity habit," said a young doctor. "The drink habit and the cocaine habit are mere summer fancies compared with it. But there is one thing to be said in its favor—it is usually beneficial. The electricity habit is contracted just like any other habit. A few currents are administered during an illness. They strengthen and stimulate, and the first thing the patient knows he finds the tonic indispensable. Even after he gets well he craves the treatment. I know one young woman who makes a fair living by calling at the homes of electricity victims and dosing them with a few shocks from a galvanic battery. Most slaves to the habit have their own batteries, but they are afraid to apply the treatment to themselves. That is practically a groundless fear, for there isn't one chance in a thousand of a person giving himself an overdose. Still they prefer an experienced hand to manage the current. Not all the electricity fiends are invalids by any means. Many of them are now as well as they ever were, yet they have become so addicted to the habit that they require the weekly, semiweekly or possibly daily electric thrills to tone them up."—New York Post.

THE KISS IN THE TUNNEL.

The Way a Man Had Revenge For an Act of Discourtesy.

"Courtesy always pays; discourtesy never does," said a famous Frenchwoman. "Let me tell you a story of an actual happening:

"Two women occupied a compartment in a railway carriage with one man, a stranger. They were extremely rude to this man. In whispers that he could overhear they criticised his costume, his figure and his manner. He, to be revenged, did a singular thing.

"The blackness of a tunnel enveloped the car, and under cover of the darkness the man kissed the back of his hand loudly and repeatedly. Then when the train entered the light again he looked from one woman to the other with a significant smile.

"They exchanged glances of suspicion.

"'Was it you he kissed?'

"'No; of course not. Was it you?'

"And neither lady would believe the other's denial, and each in her inmost heart believed the other had encouraged the kiss. The man looked cool and complacent. When finally he rose to go he said, lifting his hat with a jocular air:

"'Have no fear, ladies. I shall never tell which of you it was.'"

The Sago Plant.

Sago is a nutritive, farinaceous substance obtained from the pith of several species of palms growing in such hot countries as Java and Sumatra. The stem, about fifteen to twenty feet long, is cut into pieces and the pith dug out and placed in a vessel having a sieve bottom. Water poured into the sieves washes the flour thus exposed into a second vessel. When the water is poured off and the residue becomes dry it is known as sago flour. The pith left behind forms what is known as common brown sago.

A Sample of the Sea.

On his return to Cordova from a visit to Mar del Plata, where he had beheld the sea for the first time, Pedro brought with him a bottle containing about an inch of sand from the shore and two inches of salt water to enable his parents, who had never seen the ocean, to form some idea of what it was like. We are informed that his [illegible]

THE WORD STAPLE.

How It Came to Be Applied to Articles of Commerce.

The word "staple," applied as an adjective to distinguish certain articles of commerce, had its origin in England in the early part of the thirteenth century. The merchants of the staple were the first and most ancient and were so called from their exporting the staple wares of the kingdom—namely, wool, leather, skins, lead and tin. The king's staple was established in certain towns, and certain goods could not be exported without being first brought to those towns and rated and charged with the duty payable to the king. The grower of wool contented himself at first with the sale of it at his own door or at the next town. Thence arose a class of men who bought it from him and became a medium between the grower and the foreign cloth merchants. In 1319 the company had the legal form of a corporation and was the oldest mercantile corporation in England. Edward II. had for the better collecting of duty on wool ordained that the staple for it should be a certain town in the Netherlands, and Antwerp was fixed upon. It was afterward successively removed to St. Omer's, Bruges, Brussels, Louvain, Mecklin and Calais. In 1353 the staple was fixed at Westminster, which caused so great a resort of traders that from a village it was raised to the dignity of a town. In 1378 it was removed to the place still named Staple inn, in Holborn. Hence "staple goods" are such as have been duly appraised and have paid the regular customs duties.

MILLET'S INFLUENCE.

A Host of Painters Followed Him In Depicting Peasant Life.

In his own words Millet tried to depict "the fundamental side of men and things." His subject was the peasant life—not the representation of it such as one sees in opera or the pretty, sentimental aspect of it, but the actual drama of labor continuously proceeding through the four seasons, the "cry of the soul," echoing in the hearts of the patient, plodding, God fearing toilers. Everything was typical. We have spoken of his "Sower." Of another picture the critic Castagnary wrote: "Do you remember his 'Reaper?' He might have reaped the whole earth!"

Everything that Millet did was full of a deep seriousness and sincerity. He never was an "easy" painter, so that his greatness as an artist is perhaps more clear in the black and white than in the colored subjects. Certainly in his crayon drawings, lithographs and etchings he proved himself to be one of that limited number of artists who may be reckoned master draftsmen. Moreover, the character that he expresses is of that grand and elemental quality which sometimes reminds us of Michael Angelo.

Millet's influence produced a host of painters of the peasant, among whom the strongest are the Frenchman L'Hermitte and Israels, the Dutchman. These, like him, have represented their subject with sympathy and with understanding also.—St. Nicholas.

The British Speaker.

Not only does the speaker of the house of commons enjoy the material benefits of a lordly residence at Westminster palace, a salary of £5,000 a year, £100 a year for stationery and two hogsheads of claret and 2,000 ounces of plate on election, but he enjoys the less substantial advantage of taking precedence of all other commoners. By an act of 1689 it was provided that the lords commissioners of the great seal not being peers "shall have and take place next after the peers of the realm and the speaker of the house of commons."—London Chronicle.

An Eye Test.

Most people believe that they see the same with both eyes. That this is not the case one can easily convince himself by the following simple experiment: Cover one of the eyes with a hand or a bandage and let the experimenter attempt to snuff out a candle suddenly placed within a few feet of him. He will almost invariably miss the flame, either overreaching, underreaching or putting the fingers too far to the right or left of the flame. With both eyes normal and open the accommodation for distance and direction is instantaneous.

Lowell and Mahaffy.

James Russell Lowell and Professor Mahaffy met for the first time at a friend's house in Birmingham, England, and talked together for four hours. When Lowell drove away in the carriage he exclaimed to his host, "Well, that's one of the most delightful fellows I ever met, and I don't mind if you tell him so!" The friend did so, and Mahaffy received the compliment with equal grace and modesty. "Poor Lowell!" he exclaimed. "To think that he can never have met an Irishman before!"

A Different Growl.

Mrs. Brown—Jane, has Mr. Brown come home yet? I thought I heard him just now. Jane—No, mum; that was the dog that was growling.

...ERS SPEND MUCH MONEY.

Their Endeavor to Win Strike in Alabama and Tennessee.

New York, July 21.—Testimony has been given in a hearing before Commissioners Lyons and Keating in this city to the effect that the United Mine Workers of America had spent more than $1,500 per day in an effort to win the strike which began in the bituminous coal mine sof Alabama and Tennessee a year ago. Statements were made by General Labor Agent High DeWitt, of the Tennessee Coal, Iron and Railroad company.

DeWitt asserted that the union contributed an average of $1,000 a day for the maintenance of the members of the Unions in those two states, and that in addition to the $365,000 spent by the organization, the union had expended $26,000 within the last three months for railroad tickets to enable the breakers to return to their homes.

The statements made by DeWitt, who brought out in a hearing complaints against two employment agencies in this city which have been engaged in obtaining men for the mines. The charges agaist agencies are to the effect that they engaged men and sent them to the south under false pretense restraining them on the trains en route against their will. One witness was the wife of a machinist. She said of going with her husband and a thousand of other men who broke the windows of the coach at Birmingham and made their escape.

CONFIDENCE GAME FLUSHED.

Chicago Police Arrested Men for Getting Money Fraudulently.

Chicago, July 21—Dr. Walter B. Metcalf, president of the Beaver Falls Mining company, with offices in Chicago, and W. C. Barrett, secretary and treasurer of the company, were served with warrants charging that they obtained money by means of a confidence game. Dr. Metcalf, who is a practicing physician, and is well known in medical circles, and Barrett, were released on bond.

The attention of the police was called to the case in a letter written by Robert Ayrd, of Chicago, who invested $300 in stocks of the Chicago Adirondack Gold Mining company, which formerly occupied the present offices of the Beaver Falls Mining company. Mr. Ayrd replied to an advertisement of a clairvoyant, who informed him that his hand showed signs of great wealth in speculation. The clairvoyant then referred him to a Chicago clairvoyant gold mining company. Ayrd invested $300 in the stocks. He said he got no returns on the investment and the money paid him was not used as represented.

Gomez Under Serious Charge.

Havana, July 21.—General Jose Miguel Gomez, the fusion candidate for president, is charged with causing various difficulties for the government in the province of Santa Clara, of which he is governor. A committee sent by the interior department to investigate the municipal affairs of the town of Vueltas has been prevented from doing so by the alcade and a squad of rural guards has been sent to the scene to enforce the carrying out of the government's order. General Gomez, it is alleged, has been to an undue extent granting his followers the privilege of carrying arms and it is said this matter will be investigate.

Attempt to Wreck Train.

Akron, O., July 21—What is believed to be a deliberate attempt to wreck a northbound passenger train on the Cleveland, Akron and Columbus railroad was discovered just in time to prevent a serious accident at Barberton late last night. James McGraw, of Cleveland, was caught after having thrown a switch. He claimed that he had a bet that he could throw the switch. He was charged with tampering with railroad property. The shifting of the switch was discovered by the police, who happened to see the signal light change when the switch was thrown.

President Enjoying Himself.

Oyster Bay, L. I., July 21—After devoting several hours today to the disposal of executive business brought to his attention by Acting Secreary Barnes, President Roosevelt passed the remainder of the day in recreation. No visitors had engagements to see the president. Late last evening Mrs Roosevelt entertained a party of relatives and friends on board the government yacht Sylph. The affair included a moonlight sail down Long Island sound.

Feel Impending Doom.

The feeling of impending doom in the minds of many victims of Bright's disease and diabetes has been changed to thankfulness by the benefit derived from taking Foley's Kidney Cure. It will cure incipient Bright's disease and diabetes and even in the worst cases gives comfort and relief. Slight disorders are cured in a few days. "I had diabetes in its worst form," writes Marion Lee of Dunreath, Ind. "I tried eight physicians without relief. Only three bottles of Foley's Kidney Cure made me a well man." J. W. McCollum & Co.

No Record of Big Loan.

New York, July 21—There is no record in any of the books of the Mercantile Trust company of the $685,000 loan to which Horace G. Deming, president of that company, testified before Superintendent Hicks, as having been carried by the company for five or six years in the names of President James W. Alexander and Comptroller Thomas D. Jordan, of the Equitable Life Assurance Society of the United States, as Trustees. This announcement was made today by State Bank Examiner Judson, who has been making a regular semi-annual inspection of the books of the trust company.

The Diamond Cure.

The latest news from Paris is that they have discovered a diamond cure for consumption. Nothing helped me, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which gave instant relief, and effected a permanent cure." Unequalled quick cure for throat and lung troubles. At all drug stores; price 50c and $1, guaranteed. Trial bottle free.

Root Takes Oath of Office.

Washington, July 21.—Elihu Root, of New York, was sworn in as secretary of state. The oath was administered by William McNeir, assistant librarian of the state department. Secretary Root announced that he would remain here during the day, as he desiderd to look up some legal matters connected with the state department. He expects to return to New York. The ceremony, which was very simple, took place in the office of Assistant Secretary Loomis, the office of the secretary still bearing the emblems of mourning for the late Secretary Hay.

PRYOR, TENN., June 1, 1901.

Dr. E. W. Hall, St. Louis, Mo —Dear Sir: I have suffered several years from kidney and bladder trouble and have tried a number of preparations, but can truthfully say that nothing has proved so effective as your Texas Wonder, which I can truthfully recommend. GEO. W. CLAIBORNE.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 612, St. Louis, Mo. Send for testimonials. Sold by all [illegible]

R. W. Small of Hague was among those who paid Gainesville a visit yesterday
